Intense dark purple colour with wild berry, black cherry fruit characters laced with nuances of liquorice and oak derived spice. The palate is a well combined mixture of up-front fruit and smokiness.

about the harvest

All grapes were hand picked and sorted in the vineyards.

in the cellar

A second berry sorting was done in the cellar, before a pure yeast culture was inoculated. The juice was pumped over the skins 3-5 times per day for 5 days. Once fermentation was complete, the wine was drained of the primary lees and transferred to a resting tank. Malolactic fermentation and a brief settling period preceded the wine to a combination of 225 litre barrels of French oak types (25% new).
