enalysis alc: 13.0 | ph: 3.13 | rs: 1.7 | ta: 7.0

type White producer Raka Wines
style Dry winemaker Josef Dreyer
taste Fruity wine of Klein River

body Soft

tasting notes

ale straw colour with a lavish bouquet of grapefruit, kumquat, granadilla and a touch of ooseberries. These characters follow through to the palate complemented by mineral tones ue to the decomposed sandstone in which the Sauvignon Blanc is cultivated. Crisp green pple finish.

blend information

00% Sauvignon Blanc

food suggestions

erved well chilled, this wine is well suited to any seafood and cold meats. Also delightful on its wn!

about the harvest

II grapes were hand picked

in the cellar

Il grapes were sorted before being crushed directly in to the press where skin contact was llowed for 8 hours. Pure yeast cultures were inoculated in the juice after pressing in order to ptimize the fermentation process at around 16 degrees celsius. Extended lees contact was llowed after fermentation and the wine was allowed to naturally clarify under gravity prior to tering and bottling.
